What Is the Crime of False Pretenses?

In order to better understand the crime of false pretenses you must first understand the crimes of fraud, larceny, and embezzlement. Both larceny and embezzlement are theft crimes that deal with the taking of another's property without consideration or permission from the owner of the property.

Criminal fraud occurs when an individual misrepresents a material fact that they know to be false, with an intent to deceive another, which results in an actual injury or damages to the individual that relies on the misrepresentation.

Specifically, larceny is the unlawful taking of the property of another without the permission of the owner coupled with the intent to permanently deprive the owner of that property. Embezzlement is similar to larceny in that it involves a taking of the property of another person or business, however the person who performs the taking has permission to access and handle the funds. The act of embezzlement occurs when the person entrusted to

handle funds takes funds for their own personal use, and is generally classified as a white collar crime.

False pretenses, also known as “obtaining property by false pretenses,” is a crime that is a combination of fraud and larceny where an individual lies or makes misrepresentations in order to obtain the property of another. False pretenses is very similar to the theft crime of “larceny by trick,” which involves convincing someone to transfer you possession of their property through deception.

The building is operated by the interest of the duplicity, not the simplicity.

These things might be considered logic gates but add the function of controllable delay in the trigger versus the output going to yes or no.

ELECTIONS New FBI release on Clinton email probe refers to 'Shadow Government'

PUBLISHED MON, OCT 17 201612:19 PM EDTUPDATED MON, OCT 17 20163:35 PM EDT Everett Rosenfeld

The documents, part four of four to be released by the FBI, include notes and interview summaries that may illuminate more about the bureau's decision not to recommend Clinton be prosecuted for her actions.

Many Republicans have criticized that decision, but FBI Director James Comey has repeatedly insisted the move was apolitical.

> "I want the American people to know we really did this the right way. You can disagree with us, but you cannot fairly say we did it in any kind of political way," Comey said in July. "We don't carry water for anybody. We were trying to do what the right thing is."

One revelation in the documents came from an interview with an unidentified person who suggested that Freedom of Information Act requests related to Clinton went through a group sometimes called "the Shadow Government."

"There was a powerful group of very high-ranking STATE officials that some referred to as 'The 7th Floor Group' or 'The Shadow Government

The "We have permissions through Asset Seizures" Gambit

> **Gambit**: *noun*., a device, action, or opening remark, typically one entailing a degree of risk, that is calculated to gain an advantage. Definitions from Oxford Languages

The gambit, an exploited child, is the allegation "I took the bait" and exploited the minor, though, after that, my trust fund will compensate the victim, the gambit, and those who protect the child.

In fact I am not "taking the bait" ,the minor as an exploitable gambit, but others using my identity are exploitively photographing the child near me.

On the larger view the Illuminati are putting a Gambit near me and created a Legend I am taking it, I am not, but under that theory the Illluminati claim rights to my genome.

Gambit retrieved from Wikipedia, the free encyclopedia and copied or modified to here

"Gambit" is also sometimes used to describe similar tactics used by politicians or business people in a struggle with rivals in their respective fields.

Soundness

A gambit is said to be 'sound' if it is capable of procuring adequate concessions from the opponent. There are three general criteria in which a gambit is often said to be sound:

1. Time gain: the player accepting the gambit must take time to procure the sacrificed material and possibly must use more time to reorganize his pieces after the material is taken.
2. Generation of differential activity: often a player accepting a gambit will decentralize his pieces or pawns and his poorly placed pieces will allow the gambiteer to place his own pieces and pawns on squares that might otherwise have been inaccessible. In addition, bishops and rooks can become more active simply because the loss of pawns often gives rise to open files and diagonals. Former world champion Mikhail Tal once reportedly told Mikhail Botvinnik that he had sacrificed a pawn because it was simply in the way.[3]
3. Generation of *positional weaknesses*: finally, accepting a gambit may lead to a compromised pawn structure, holes or other positional deficiencies.

The **Character Assassination** of **this Atheist** are created weakness in my political, religious, and personal reputation.

These religious charities are using their children as exploitation victims to gain advantage over an Atheist by an impersonator of the Atheist taking the bait.

Representive Payee (Trustee) for Disabled People

Representative Payee Program

Program Description We follow the Guide for Organizational Representative Payees as provided by the United States Social Security Administration.

We serve as the source of financial assistance towards the clients gain of basic needs such as food, shelter, and clothing.

Representative Payee Program Keeps Homeless Numbers Down established 1971

By becoming the Representative Payee, Catholic Charities assumes the financial management responsibilities for people who because of severe mental or physical limitations or may be subject to family exploitation, are unable to manage their own finances. The Payee Program provides assistance to the most vulnerable members of the community; the young, the elderly, and the disabled who are unable to manage their SSA, SSI, and or VA benefits.

I, Edward Paul Donegan was homeless and without a payee when I was in Corpus Christi homeless Catholic Charities shelter. I was evicted the day I an appointment for them to become my payee.

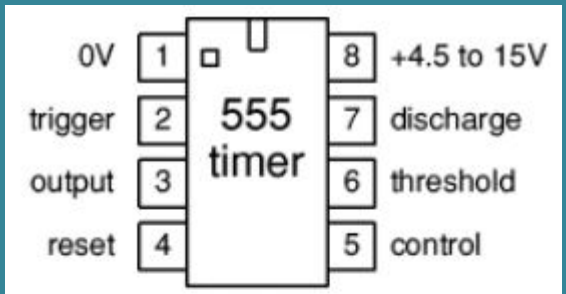
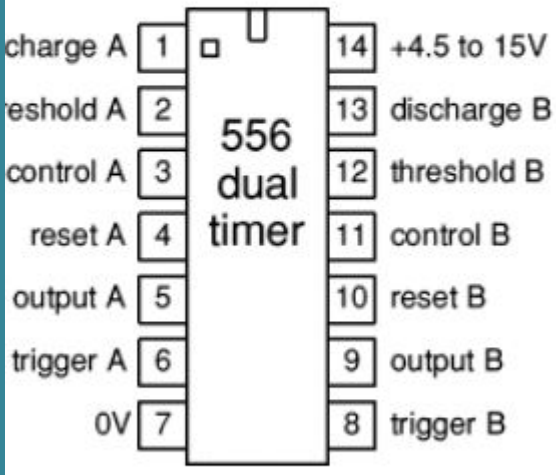
2. **Output** Order of Biological Assets seizure of "bankrupt" person with NO OTHER ASSETS.
3. **Reset**Paid up, victim compensated, no arrest, victim compensated via Disposition of criminal assets to victim children and protectros of children.

Where 556 = 551-1 + 551+2





There is more information about 555 timers and their circuits on the Electronics in Meccano website.

"The 8-pin 555 timer must be one of the most useful chips ever made and it is used in many projects. With just a few external components it can be used to build many circuits, not all of them involve timing! A popular version is the NE555 and this is suitable in most cases where a '555 timer' is specified. The 556 is a dual version of the 555 housed in a 14-pin package, the two timers (A and B) share the same power supply pins. The circuit diagrams on this page show a 555, but they could all be adapted to use one half of a 556.

Low power versions of the 555 are made, such as the ICM7555, but these should only be used when specified (to increase battery life) because their maximum output current of about 20mA (with a 9V supply) is too low for many standard 555 circuits. The ICM7555 has the same pin arrangement as a standard 555." *

The 555 timer, simplex trigger, operates on a trigger which in my case should be the acts of Rx, me. The 556 uses the second timer of a seperate operation entirely and trips on the signal of Tx. That then is fed to the 555 output logic used against me in Asset Seizures i a duplicitous-pretext way.

The 7 th Floor Group was a **deep state milieu made up of US State Department officials** who met regularly on the 7 th floor of the Harry S. Truman Building in Washington, DC, that was exposed in Autumn 2016.. The FBI mentioned that the group was referred to as The "Shadow Government" inside the State Department, which briefly attracted the attention of commercially-controlled media.

Peter Strzok's SMS

An SMS between Peter Strzok and Lisa Page released in February 2018 On 7 February 2018 the US Senate released a set of (redacted) SMSs between Peter Strzok and "his alleged mistress Lisa Page".[9] One from 28 July 2016 reads: "This article highlights the thing I mentioned to you earlier, asking if Bill had noted it to 7th floor. I'm going to send it to him".[10] Strzok had previously referred to a "'secret society' of folks within the Department of Justice and the FBI".[11]

A third and earlier reference was in a 2013 NBC-article[12], but this time it was on the 7th floor of the CIA headquarters, and seems to refer to “the Sisterhood,” a powerful band of female CIA-leaders: Avril Haines, Fran Moore, Sue Gordon (CIA Zoology) and many others "some of which are classified".

Hillary Clinton and Huma Abedin are not known to have attended their meetings, but this inference seems highly plausible considering that some names were redacted from the FBI document, Hillary's office was also located on the 7th Floor of the US State Department Headquarters, where she is known to have met with her top advisers, including Huma Abedin and Cheryl Mills.[5]Moreover, in 2018, an email to Colin Powell was declassified in which she wrote "Colin, I am finally out of the SCIF and want to thank you for all of the advice about berries, security and life on the 7th floor! I hope we'll have a chance to visit in person sometime soon. All the best, H"[6]

One such passage, present in the draft but not in the final report states that "Sources reported that a senior '7th Floor' Department official ordered [diplomatic security] to stop the investigation of an ambassador accused of pedophilia, and another such senior official had [diplomatic security] stop an investigation of an ambassador-designate".

Insider knowledge on Brain Genes and awaiting markets through sham moves.

Black Markets often, usually, traffic items (repugnant markets) not legal to traffic in but are of value to those who desire them. Note that Jerome Adams *, Surgeon General, Dept Of Defense Non Combatant Military Dept of Defense Service Public Health Service * (Uniformed) is likely in the Brain program as director and can get brain genes, like clean needls and other AIDS HIV type programs underway, of value to the Gay communities, such as designer baby markets for gay couples with IVF Three Parents needs,, etc., and knows which genes to sieze for "vicitm' couples or couplse due some "bounty fee" paid to finding a sex perv bounty hunters for the county of jail jumper finders.

A gay or retarded person "finding the treehouse" as part of Neighborhood Watch might due a "fee" if the peeper owed the bounty hunter or the victim his DNA. Thus the impersonator of me is gettign caught in a treehouse as an exploiter, which I am not but the dopple is.

An Espionage ring using a Gangstalk creates a protection racket wherein covert operators trade in my DNA by paying of for misconduct falsely attributed to me, the antisocial conduct cover ops frame job moving rights to me DNA into CIA money laundering for the value of the genes, economic, and bedroom value of the genes used to pay false debts alleged to me, paid by Secret Service /CIA front companies money laundering genomic rights.

NIA Framework of Black Market economies including in Repugnant Markets (designer babies, organ harvesting)

Root Element: Black Market Economy, illegal trade economy in goods or services Black Market the goods or services traded in

Element: Black Money, the currency of the market, of legal or illegal issue Black Budgets: Black Profits derived from black market capitalization, operations, or profits or losses and Black Operations funded by Black Profits

Markets: Goods or services traded including sex trafficking, drugs, arms stolen organs, etc., Crazy things go under the designation Repugnant Markets and also includes Rome Statute controlled activities such as genocide (racial, religious, national, or ethic interference with or transfers of children.)

A Black Market system has been designed in which "Black Money" rights to my DNA is used in the adult entertainer industry.

The Money is Counterfeit. Others, non-whites and gay peep at white women, masturbating to women and preferring that over sleeping with women, then "pay" the peeped at women, when caught, with actual Ed Donegan's DNA rights.

The scheme is illegal in that creates false or real victim hood and a pay up or be arrested blackmail organ harvest (Bone Marrow rights)

The scheme permits others not me to benefit from DNA through money laundering Designer Babies

The scheme is be design hostile to who the REAL ME is and is meant to defame and incite hostility and vigilantism toward me.

Finally, the NOMINAL and ACTUAL goals differ and in fact the scheme harms the NOMINAL goal in achieving the ACTUAL goal.

The medical techniques should be publicly and freely available, not a secret underground sex trade economy.

A Protection Racket, unneeded mental retardation advocacy of me creating by my mother's will creators enables this loot of my DNA rights by sabotaging my normal life circumstances

such as metropolitan apartments and keeps me either homeless, institutionalized, or in deep slum non-white conditions of hostile environments devoid of my intellectual, sexual, religious, or their interests.

Instead defamatory repulsive and repugnant sexuality is staged against my interest including both flashing and evidence plants.

Shills

Shills are fronts for secret motives and operations who conceal their real objectives and appear to be neutral, uncorrupted, or motivated as chartered but operate on behalf of secret agendas instead.

Shill planted victims who claim ti be victimize but in fact victimize themselves such as children sexualizing themselves in my vicinity and claiming they are "my visual pornography." I am their victim for false claims, not vice versa.

Shill Gulls who impersonate me as Information Doppelgangers and will forge a confession of me that will be used as a pretext for legal claims against me, It is the Gull who actual photographed or committed the peeping whilst standing next to me in public at the same time the shill victim was planted in front of us.

Shill social services or law firms who will benefit from laws which allow my assets to be transferred to them under RICO like asset seizures, though the asset seizures are on fake claims and many of the Shll Gulls who faked the identity of me and confessed to peeping at women are the homeless people and drugs addicts who the asset seizures will benefit. Often and even mostly they are lower class uneducated, on drugs from treatment program drop outs and sex offenders, but as U.S. Marshalls will plant evidence as me then seize the evidence already on them (such as a smartphone they used to photo a woman) then as me "admit" that my assets are due them as victims or forced donation to charities.

Shill lawyers and judges such as B Janice Ellington or Paula Xinis or others who are connected to deep state genetics programs.

Prostitution is illegal or highly regulated in many countries across the world. These places form a classic study of the underground economy, because of consistent high demand from customers, relatively high pay, but labor-intensive and low skilled work, which attracts a continual supply of workers. While prostitution exists in every country, studies show that it tends to flourish more in poorer countries, and in areas with large numbers of unattached men, such as around military bases.[17] For instance, an empirical study showed that the supply of prostitutes rose abruptly in Denver and Minneapolis in 2008 when the Democratic and Republican National Conventions took place there.

Prostitutes in the black market generally operate with some degree of secrecy, sometimes negotiating prices and activities through codewords [faked, I am not using them] and subtle gestures. In countries such as Germany or the Netherlands, where prostitution is legal but regulated, illegal prostitutes exist whose services are offered cheaper without regard for the legal requirements or procedures-health checks, standards of accommodation, and so on.

In other countries, such as Nicaragua, where legal prostitution is regulated, hotels may require both parties to identify themselves, to prevent the rise of child prostitution.

Black Market Biological organs and custom brains via DNA

Main article: Organ trade § Illegal organ trade

According to the World Health Organization (WHO), illegal organ trade occurs when organs are removed from the body for the purpose of commercial transactions.[31] The WHO justifies its stance on the issue by stating, "Payment for ... organs is likely to take unfair advantage of the poorest and most vulnerable groups, undermines altruistic donation and leads to profiteering and human trafficking."[32] Despite these ordinances, it was estimated that 5% of all organ recipients engaged in commercial organ transplant in 2005.[33] Research indicates that illegal organ trade is on the rise, with a recent report by Global Financial Integrity estimating that the illegal organ trade generates profits between $600 million and $1.2 billion per year with a span over many countries.

Racketeering

Main article: Racket (crime)

A racket is a service that is fraudulently offered to solve a problem, such as for a problem that does not actually exist, that will not be put into effect, or that would not otherwise exist if the racket did not exist. Conducting a racket is racketeering.[34] Particularly, the potential problem may be caused by the same party that offers to solve it, although that fact may be concealed, with the specific intent to engender continual patronage for this party. An archetype is the protection racket, wherein a person or group (e.g., a criminal gang) indicates to a store owner that they could protect her/his store from potential damage, damage that the same person or group would otherwise inflict, while the correlation of threat and protection may be more or less deniably veiled, distinguishing it from the more direct act of extortion. Racketeering is often associated with organized crime, and the term was coined by the Employers' Association of Chicago in June 1927 in a statement about the influence of organized crime in the Teamsters union.[35]

Errors of Reproductivity, The State Controls Fertilization Rights and Activities

State Teloogical "emergency" control private reproductive rights and moves them into State owned assets for the elite and government backed causes.

And politicians choose whose DNA will be seized on fake claims organzied by evidence plants.

dola Polis En Parentis Loci

For the NIH and Obama Admin to racketeer the value of my geneome (and who does know it and will not disclose it to me) and pass it to White women it is necessary to make a publicly visible spectacle I am mentally incompetent, a spy or terrorist, thus medically and legally

gaining control of my genome rights, and I must be sabotaged as somebody who can not be near white woman, or whom white women, potential partners of mine, should avoid like the plauge.

It should also look in public like the people racketeering me are actually daily living and business partners with me, though as I confront them in public they reveal the truth, their statements are in my vicinity and seem to be a connection to me but are not.

MKULTRA and DIA CIA US Marines use Counter Intel powers to seize the most basic of my human rights and in the service of Non-US interests of genes export from the U.S at the expense of my U.S. Natural Born white family and my forced U.S. celibacy

The scheme is advanced by plain clothes hostility towards me which is intolerable crimes though which complicit foreign aligned workers civil commit me as a result of the provoked conflicts, nulling my outcries and disrupting my normal course of life.

The below pictures are the standard of a ploy which began around at least 2006 or so with Veronica Hoffman.

The basics are that I am around someone, someone I contacted (Veronica Hoffman though she dropped contact with me) or someone I don't know approaching me (a woman here in Yoga pants riding on Metro and literally putting it in my face invading my space) and doing so very suggestively.

I look around and there is the Harvey Dent figure, a military or skid row looking black, often non-english speaking. I ask him who he is in friendly conversation. He is from Ethiopa and on a study trip to Georgetown. He has a Catholic like wrist band on and is reading from an article that looks written in some African script.

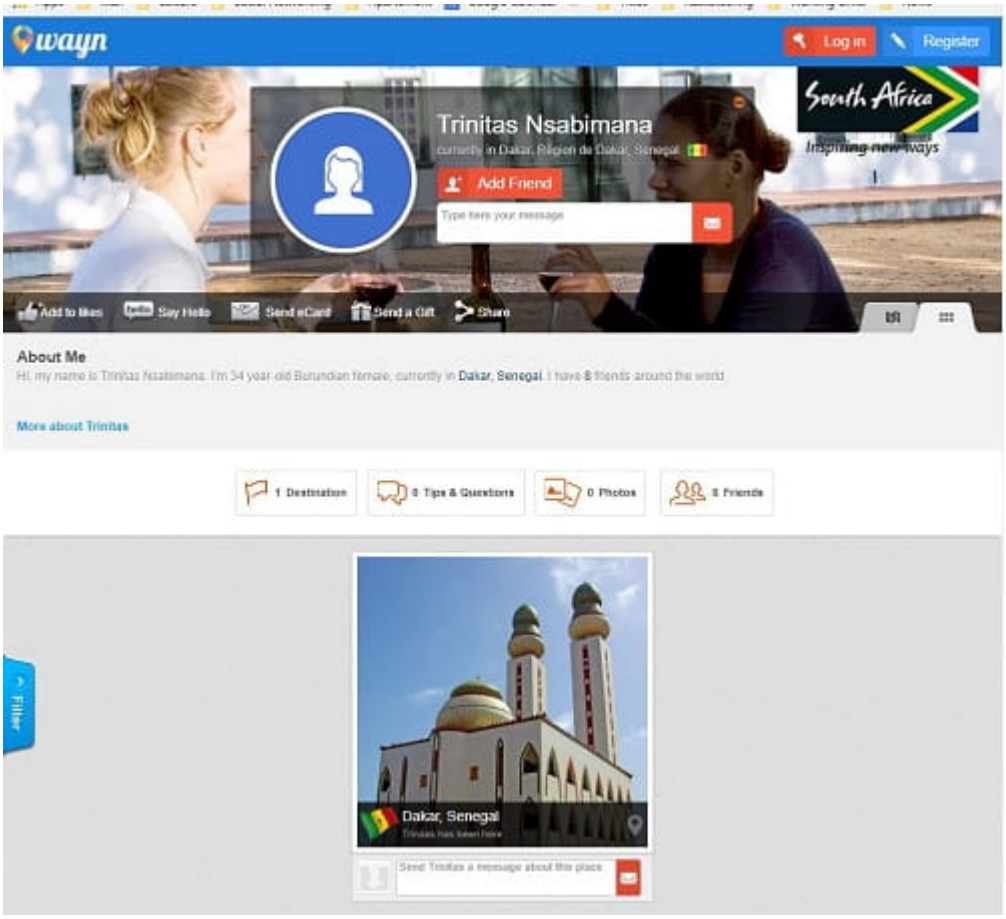
Further away are some females, often one white and one non-white who sometimes appear to be some sort of sociology tied people.

I didn't see one on this trip but usually when this happens, which is whenever I am in public, a person dressed like me will have an interest in the female and the parties will then bifurcate from me and I believe the person dressed like me will take over my identity.

BLUE

People like Trinitas Nsabimana of Africa, Obama and Tom Donegan connected, seem to be put in place at places like ARC of Northern Virginia to arrange something with the blacks or sometimes gays, who may wish IVF rights based on some patterns which seem to occur.

Note that if this use of foreign nationals for activities inside the U.S. are part of RICO for sexual results (semen) rights for Africa this could and likely does tie for foreign use DNA theories I have asserted as the Judge Roll and Justsice Scalia murder motives.



CIA contractor illegal irregulars were used to kill Jen Moore and to assault me, drawn from Social Services Agencies (who are in a RICO scheme embezzling genes rights and the value of genes they do not own) because she and I were uncovering and reporting on the RICO scheme, its black budget coming from violent crimes connected racketeering.

All of this is achieved not as real counter intelligence activities counter intel is empowered for, but instead, a financial and sex trafficking ring including rape, murder, arson, and coverups

A Blind Conservertorship was created without Due Process to me and without accounting to me.

This State controlled and created Conservatorship "nationalized" (enslaved) me in or through NDAA like powers for an international criminal organization to succeed in MKULTRA plans throughout the world.

Fraudulent acts before the Public

Acts of Fraud

- In public people who are complete strangers to me deny any connection to me put on public shows of being my daily living advisors and coaches by saying things to me which are pointless and unwanted.

  Example. I ask one question of a store clerk, a stranger near me asks a question as "another question .. " thus trying to associate herself with me and my first question.

- Items I am shopping for pause near me, such as cars or campers. Vaugely, it appears I am associated with this, or statements made in my vicinity about business relations. These are public shows out of my control staging events around me which are mere illusions.

  Example Chris Lloyd makes a comment he bought a Porsche. He also send me a pic of the house I grew up in. No statement is made to me, at least the REAL me, regarding

these things. It may be portrayed to others that I had somehow approved that or any other use of any money. In fact Chris Lloyd directly denied any business relationship to me at all, none whatsoever.

- PizzaGate - Roving squads of scam artists frame me as a stalker seeking to expoitively view women, the real motive for any of me acts. In fact I did not "buy" or "own" anyone, whatever any illegal conservancy of MY human rights was invented. Supposedly I was picking women out for something, I don't know what, probably the polimorphous pervisity DoppleEd wants in place of Human sex, when my music went from Play to Pause and I had to reach to my phone to get the music playing again. When I took my SIMM chip out people stood next to me and started hand signliing when women were near. This was never me signalling anything. Any agreement of me to any of this was mere illusion, forgeries of my agreement by impersonators wrongful people speaking for me not authorized by me to do so.

A central lie in Pizzagate is that in ordinary acts I am actually "sendng the signal" or making the deal for my DNA, signed over during a tryst an impersonator of me is really setting up in which my DNA sperm bank rights will be money laundered.

Sigma Squads in the Gym and Elsewhere

Blacks, often Ethiopians or others, surround me and move white women away, normal white women, asking if I am ok, thus asserting I could not handle the presence of the attractive white women in the flesh, then a fake target fo my affection flashes me and an impersonator of me will have "cyber" with that woman in ErosX replacing me with crossed wires, rather than my dick entering real women.

My DNA is being forced across insecure lines.

200 Material Witness to the Felony Protection Racket Evidence Manufacture, Money Launder, etc.,

The basic form of the scam is that those who surround me to, in their own words, defeat white supremacism, will lable me with their own acts by assaults upon me for their acts towards others and toward me.

The outlandishness of the acts towards me which make statments and lable me and towards other are sufficient to both incite me in anger and to incite others.

The system takes my normal acts in reality and turns them into a play on a stage as actors suround me similar to or as the FISA scandal. My diolouge of I would like a personal pizza gets responded to by a covert operater turning that into some seedy WWII antique shop dialouge.

In extortion vendors assert that my normal purchases are code purchases and use my normal purchases as their foil. For instance at Subways Sandwich COrpus Christi my order of a southwestern chicken sandwich special on a poster on a wall led to a black female making statments like "how do you want that stake and cheese" and in other orders at that shop "well you you like your buns toasted/buttered?"

The know i reject their entendere but a protection racket which planted the vendors has a Doppelgänger of me who did order pizza and the cops will catch that person.

> [They pull up by an antiques shop and get out of the car.]
> Peggy Carter: This way.
> Steve Rogers: What are we doing here?
> Peggy Carter: Follow me. [They go inside.]
> Antique Store Owner: Wonderful weather this morning isn’t it?
> Peggy Carter: Yes, but I always carry an umbrella.
> [Peggy leads Steve into the hidden lab to Dr. Erskine and his team in a big circular room filled with machinery and a pod in the middle.]
